Bulgarian Catalysis Society

Bulgarian EPR Society

13th International Symposium on Heterogeneous Catalysis Catalysis innovation

First International Conference on Electron Magnetic Resonance Applications

1–5 September 2024, Bulgaria Hotel, Burgas, Bulgaria

Advanced research to sustainable industry!

S P O N S O R K I T S

DEAR COLLEAGUES,

The Institute of Catalysis of the Bulgarian Academy of Sciences is a principal organiser and coordinator of the International Symposium on Heterogeneous Catalysis and International Conference on Electron Magnetic Resonance Applications. The main activities of the Institute are in the field of fundamental and applied research of catalytic reactions and processes, their kinetic dependencies, development of technologies for production of catalysts, mathematical models of catalytic reactors and processes, effective coordination of research in the field of catalysis between different institutions operating in this field in Bulgaria, expert activity, development and implementation of catalyst production and application of industrial catalytic processes.

International Symposium on Heterogeneous Catalysis held in Bulgaria is one of the oldest European scientific forums in the field of catalysis organized since 1967 by Bulgarian catalysis community and later by Institute of Catalysis of the Bulgarian Academy of Sciences.

The main topics of the symposium are:

Catalysis for clean hydrogen production and decarbonizing energy, electrocatalysis for green energy, catalysis to green lifestyle, green photocatalysis, catalyst recycling and reuse, industrial catalysis - challenges and solutions.

The EMARA conference is focused on:

EPR research in the fields of chemistry (catalysis, metal complexes, polymers), biology and medicine, dosimetry, geology, mineralogy, archaeology, environmental control, petroleum industry, food technology, quantitative EPR, and EMR instrumentation (new methods and advanced techniques).

Forthcoming International Conference on Electron Magnetic Resonance Applications (EMARA) is a successor of the International Workshop on Electron Magnetic Resonance of Disordered Systems (EMARDIS) and one of the oldest European Scientific meetings, organized by Bulgarian EPR Society in the field of EMR spectroscopy.

About Bulgaria

Bulgaria is located in Southeast Europe, in the northeast part of the Balkan Peninsula. It is a European, Balkan, Black Sea and Danube country. This geographic location places it on the crossroad between Europe, Asia and Africa.

The territory of Bulgaria has been inhabited since antiquity, as the country's many ancient settlements and burial mounds attest. Present-day Bulgaria was a cradle of some of the earliest civilizations in Europe.

Shipka Monument

Bulgarian cuisine is exceptionally diverse and delicious, consisting of various salads, breadstuffs, stews, and other local dishes. Many of the dishes are prepared according to traditional recipes handed down from generation to generation over the centuries. The most products for which Bulgaria is internationally known are yogurt and white brine (feta) cheese.

Bulgarian traditional dances

About Burgas

Burgas is a major city on the Black Seacoast. It is close to some of Bulgaria's best beach resorts: Sunny Beach, Nessebar, Ravda, St. Vlas, Pomorie, Primorsko, Kiten, Sozopol, Lozenets. The city has the biggest port in Bulgaria and airport with an all-year schedule.

Burgas is an important industrial centre and transport hub as well as a tourist destination and a starting point for the south coast travelers. Burgas is a dynamic city with uncrowded beach, seaside park and many museums.

Burgas is a beautiful city in the south-eastern Bulgaria (264 km from Plovdiv, 390 km from Sofia and 90 km from Varna). It is surrounded by three lakes that are known as reservations.

Sponsorship from companies is really important for our scientific meetings in Burgas, Bulgaria

SO

BECOME A SPONSOR

BENEFITS

You can establish new business contacts and strengthen your relationship with existing partners.

Exhibition area is co-located with coffee breaks offering direct scientific and business networking opportunity with conference delegates.

Sponsored speaking session: you can talk about and highlight a company technology and products.

Meeting at conference dinner of company people and delegates.

You can create your own sponsoring package, which provides you different sets of benefits.

PACKAGES & PRICES

GOLD SPONSORS – 2500 Euro

- ✓ Registration for 2 delegates
- ✓ 6 m² exhibition area with one office table and 2 chairs
- ✓ Acknowledgement in media publications and in the Programme Book
- ✓ Promotion on the official conference website (logo and details will appear) and information on company's profile (max. 200 words)
- ✓ 1 page colour advertisement in the Programme Book
- ✓ Company description (max. 200 words) in the Programme Book
- ✓ Sponsor lecture (30 minutes)

SILVER SPONSORS – 1500 Euro

- ✓ Registration for 2 delegates
- ✓ 6 m² exhibition area with one office table and 2 chairs
- ✓ Acknowledgement in media publications and in the Programme Book
- ✓ Promotion on the official conference website (logo and details will appear) and information on company's profile (max. 100 words)
- ✓ 1 page colour advertisement in the Programme Book
- ✓ Company description (max. 100 words) in the Programme Book
- ✓ Sponsor lecture (15 minutes)

EXHIBITORS&SPONSORS - 900 Euro

- ✓ 6 m² exhibition area with one office table and 2 chairs
- ✓ Registration for 2 delegates
- ✓ Company logo and URL placed on the official conference website
- ✓ Company description (max. 50 words) in the Programme Book

CONGRESS SPONSORS - 400 EUR

- ✓ Information on company's profile (max. 50 words) on the official conference website
- ✓ Company logo and URL placed on the official conference website
- ✓ Company description (max. 50 words) in the Programme Book
